Homework Room Grades 1st - 8th

3:15 P.M. - 4:40 P.M.
Monday – Thursday
Begins Tuesday, September 3, 2013
Teacher: Mrs. Elu

An excellent resource for busy families who need homework to begin after school!

Homework room is ideal not only for parents who work long hours, but also for students who participate in extracurricular activities, or may have difficulty focusing on or completing homework at home.

Mrs. Elu will monitor homework room during the school year providing students with a positive, quiet, structured homework environment. Students will be guided and encouraged through an organized method of completing written work. Help will be given as allowed, and a check for completion of assigned material will be done. As written assignments are finished, rewards will be given and studying will begin for upcoming tests. Early finishers are encouraged to review daily material, read, or work on enrichment materials from school or home.

Please remember that true learning and growth occurs when encouraged by school and family. Successful students must work as independently as possible and at their own pace; therefore, correctness and completion of assignments may be achieved, but not guaranteed. Parents should plan each night to review the assignment pad, listen to young readers, and ask about the day's studies and upcoming tests.
